OUR MISSION:

60 Plus Ride provides free personalized transportation through caring volunteers and staff so that Weld County residents over 60 retain dignity and community connections to support physical, emotional, and mental health.

Fueled by our passion for older adults in Weld County, 60 Plus Ride provides pathways to independence, connection, and enrichment for our oldest residents.

We are the GO-TO for Getting There!

Dear Weld County Residents,

As the new Executive Director at 60 Plus Ride,

I want to thank you for your continued support.

I am new to Colorado, but I am not new to capacity building for great causes like 60 Plus Ride.

I am excited to be here because I believe that the time is right for this amazing nonprofit and this incredible county to make lasting changes that will not only impact all of us as we grow older, but also immediately change lives for older adults who are our friends, family, and neighbors.

Together, we have the opportunity to create a model of excellence in transportation for older adults that will not only benefit Weld County but also serve as a much-needed solution for communities everywhere.

We can help older adults in ways that include:

- Access to medical appointments*
- Opportunities for greater independence*
- Social mobility to combat loneliness*
- Transportation that includes rural areas*

I invite you to join us on the exciting journey with 60 Plus Ride. We look forward to the road ahead.

Best,

Robin Blakely
Executive Director
